Countless thousands have found freedom from fear in the midst of apparent conflict and chaos when they have prayerfully sought an understanding of God and man as revealed in Science and Health with Key to the Scriptures by Mary Baker Eddy.

Science and Health explains that fear is the cause of much inharmony and that as fear vanishes so does disease and pain and sorrow. And it teaches how to dispel fear effectively and permanently.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

As one spokesman for the seminar stated," It was extremely difficult to achieve any sense of accomplishment during those moments, those times when the project seemed to be opposed by so many thoughless citizens."

However, after four weeks in Edmands Park the students engaged in the Tufts-Newton Public Affairs Seminar have a right to be proud of their accomplishments.

They have cleared away undergrowth and trees, mowed, sickled and raked the ampitheatre and pond area, built a dam and a sluiceway, planted new trees, and removed much of the ugly rubbish that once littered the entire area.

Those working on the project gave credit to many sour-ces of assistants and encouragement and stressed that, for the most part, the program has been well received. Special appreciation was extended to Waban Manthe City of Newton for extra help at the Park on several occasions, also to Mrs. Melvin four films taken during each

Volpe Seen Heavy Favorite To Win Re-election In Fall

Governor Volpe will be catapulted into national prominence if he does anywhere nearly as well in next November's election as most political pundits believe

Things couldn't look much brighter for Volpe than

they do at the present time.

His prestige is at an all-time high. He appears to have a Republican trend working in his behalf.

On paper, at least, he is a heavy favorite to win House of Representatives while

reelection to a second term.

Democratic politicos counter with the assertion House of Correction is an inthat the election is still three months away and that the only place Volpe's political fortunes can go is down. That may be true, but the Democratic strategists the same thing three months ago, and

were saying the same thing three months ago, and since then Volpe's stock has risen, not fallen.

If the Republican tide is running as strongly as it appears to be, the GOP could capture some State constitutional offices and some seats in the State Legislature and Executive Council now held

by Democrats. Volpe would get the credit across the nation if tially lessened by the fact that such Republican gains materialize in the home State his name will be somewhere of President Kennedy.

He would be projected into the public spotlight of candidates instead of at the as a possible choice for the GOP nomination for Vice President in 1964.

But don't count lannello out.

Volpe is playing for high political stakes as he prepares for his election battle in the fall with either Endicott (Chub) Peabody or Registrar of Motor Vehicles Clement A. Riley, and all the advan-tages appear to be on his side. As the politicos on Beacon Hill would put it, he has a lot of things going for him.

Wolley Segap Has a Rival

"Let your fingers do the walking. Find it fast!"
So goes the TV jingle pro-claiming the virtues of the

phone book's yellow pages.

The Newton police did just that, and found \$85 in a

drug store phone book.

It had been stolen from a Newton woman, who told police about it.

She had a good idea who did it, she told the police, and had phoned them that

and nad phoned them that if they returned the money she'd make no charge. Phoned word came while police were with her. It was suggested that she go to a certain Newton Drug store and open the book to the page where her name was

and open page where her name was listed. She didn't, but the police did, and there were the 85

different for Volpe who as Governor is constantly in the public eye.

Regardless of all the claims and counter-claims and the election battles still to be fought and won and lost, the hard fact is that at this stage Volpe appears to be well out front in the gubernatorial race, and the political tide seems to be rolling at his back.
Whether Volpe can be over-

taken and whether the tide can be turned in the next three months are questions that only time will answer.

Weigh Reelection Bid Of Jailed Law-Maker

Whether resigned Representative Charles Iannello of Roxhe is serving a sentence in the mary and election.

The guessing is that Iannello would have won another term while in jail if he had not re signed from the House and by City Clerk Plans so doing forfeited first place on the primary ballot.

His chances will be substannear the middle of a long list.

But don't count lannello out He may still win even though he will not be able to vote for himself.

He will receive a certain symathy vote because he is in jail. The ward Iannello has repsented in the House is the

poorest in Boston. Its residents are not much inhis ability to help them when

And Iannello has administered to the needs of his con stituents. He got them jobs. He body and Clem Riley insist that aided them in time of sickness and trouble. He did all the things expected of a legislator in Roxbury's old Tammany

Man's Bondage By Materialism Sunday Subject

Man's dominion over the bondage of materialism will be set forth in Christian Science churches this Sunday. Selections from the

and correlative passages from the Christian Science text-book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will comprise the Lesson-Sermon entitled "Soul."

The Golden Text is from Exodus (20): "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage Thou shalt have no other gods

rightfully claim a share of the glory. There was more than enough to go around. Strong pitching and a home

run produced Newton's win over Manchester Monday Peter DiDomenico, who has

played a starry role in the three consecutive games in Newton North's title drive provided the tight hurling as he limited Manchester to two singles over the six-inning stretch and struck out 11 batters. PISELLI BATS GAME

WINNING HOME RUN Husky John Piselli, Newton

North first baseman, came up with the game-winning home run in the second inning as he blasted an inside fast ball over the right field wall in a poten opposite-field drive. The ball cleared the fence at the 200foot mark.
Don Colantonio's flashy

catch in the final inning prevented Manchester from ty

ing the score.
Newton North rooters watched anxiously as Man-chester shortstop Steve De-Grandmaison opened the final inning with a single and went to third on two passed balls as DiDomenico fanned the

next two hitters.

With the tying run on third two outs. Manchester's Karl Johnson hit what looked like a Texas Leaguer to short left field. But Colantonio raced back to haul it in with a backhand catch over his shoulder.

One thing for sure was that there weren't many long fingernails in the Newcontingent when the

game ended. Piselli, incidentally, has had three circuit clouts in

eight tournament games.

Home runs by Larry Tempesta and Pete DiDomenico good pitching by Don Colantonio Colantonio made possible Newton's 4-3 triumph over Stoughton in the clash for the

State championship. Tempesta and DiDomenico accounted for all four Newton tallies with their home runs, each driving in two runs.

Now comes the crucial regional playoff games at Tufts, and the well wishes and hopes of the entire Garden City will be riding with Newton North

Newton Man Is Commander Of 94th Air Police

Captain John L. Swenson, 5 Belmont street, Newton, has been appointed Command-ing Officer of the Air Police Squadron of the 94th Troop Carrier Wing at Hanscom Field, Bedford, Mass.

Captain Swenson has had approximately twenty years service in the Air Force. He is a veteran of World War II in the European sector and of the Korean Conflict.

He is married to the former Norma L. Meras; they have one daughter, Sarah. In private life, he is employed as a life underwriter with the John Hancock Life Insurance Co.

Nothing seemed to be missing from the home of F. Leslie Ford, 14 Cheswick rd., Auburndale, but the place was thoroughly ransacked, Sgt. John J. Bartinelli and Patrolmen Daly and Paul C. Robinson, found.

Apparently frightened away were the intruders at the home of John J. Darcy, 186 Newtonville ave., Newtonville, according to Patrolmen Don-ald R. McArdle and Peter J.

But are you registered as a voter?

Fulfilling your responsibility as a good citizen includes voting in both the primary and election.

Even though the primary to be held Sept. 18 will

one of the most important in Massachusetts history, a surprisingly large number of persons have not taken the time and trouble to enroll as voters.

Friday of this week is the last date on which they may register to cast ballots in the coming primary.

Those who are not registered when the voting lists are closed Friday night will be ineligible to go to

the polls Sept. 18. Some of them will wake up next week and protest loudly about the State law which terminates the registration of voters 30 days before a primary or an

Others will stay away from the polls on Primary Day and then complain about the calibre of the candidates nominated even though they disregarded their own obligations as citizens.

If you aren't registered as a voter, take the time out to do it while it's still possible. The time is NOW!

Opposing contenders Representative James R. Lawton of Brockton, who was en-dorsed by the Democratic State Convention; former Attorney General Francis E. Kelly of Dorchester; Attorney Matthew L. McGrath Jr., of West Rox bury, Attorney Margaret Mc Govern of Newton and former City Councillor Thomas L. McCormack of Jamaica Plain.

Of the five, Kelly, who has served two terms as Attorney General and one as Lieutenan Governor, is probably the best known. With the solid core of support he can muster in any political fight, Kelly is an extremely potent contender in this kind of contest.

Active in politics for more than three decades, Kelly filed the bill and led the fight in the Legislature back in 1945 which resulted in the passage of a law providing for the payment of a \$300 bonus to vete rans of World War II.

He also has spearheaded an unsuccessful drive for the establishment of a legalized sweep stakes in Massachusetts.

Emerson Rug's New Home

NEW HOME OF EMERSON RUG CO.—A large, modern showroom, beautifully decorated, as shown above, is the new home of Emerson Rug Company, in Norwood, at 950 Providence Highway, Route 1.

Emerson Rug Opens New Norwood Showroom; Milestone In Growth

Emerson Rug's new Norwood showroom will open officially today at 950 Providence Highway. Attending the affair will be civic leaders from Norwood, with congratu lations for this famous can pet firm. Actually, the grand opening marks a milestone not only for Emerson Rug-but for the entire community Both the store and the towns around it have grown together hand-in-hand.

It was 13 years ago that

Emerson Rug Co. opened its first Norwood store at 960 Providence Highway. It was a cheery little shop—a friendly group of people always on hand to greet you

Then Norwood and rounding communities started to grow. And with them grew the fame of Emerson Rug. New families flooded the area.
Inevitably they turned to
Emerson Rug's Norwood store
for broadloom carpets and

rugs.
Soon the Norwood store was overflowing with customers. Obviously, it was no longer large enough to serve this thriving, expanding

ing community.

Recently, a new Emerson Rug showroom was started on a large tract of land adjoin-ing the old store. This month it was completed—an immense store—the largest carpet show-room for miles around. And in it you'll find the largest selection of famous brand selection of famous brand broadlooms gathered in any carpet specialty store.

Emerson Rug Is
Famous For Service
But this is only part of the
Emerson Rug picture. Behind
the scenes is a huge organization made up of highly skilled
specialists and medes facility specialists and modern facili-ties. There are the installa-tion experts—seasoned crafts-men who take pride in a per-fect installation fect installation

There are carpet cutters, service men, delivery men, measurers and salesmen offering every type of cus-tomer convenience. From the moment the customer enters the store—'til long after the carpet is set on her floor . . . Emerson Rug backs her purchase with ser-

vice.

In 1934 the company opened its first store under the management of President John Reily and Treasurer John Emerson. Today, Emerson on Rug has four large stores in Natick, Quincy, Norwood and Stoneham and maintains a sales force of 20 managed by Dan Polly of 20 managed by Dan Reilly, vice president for

These four stores give Emerson Rug more purchasing power than other carpet companies. And this is probably the big reason why more people flock to Emerson Rug the big reason why more people flock to Emerson Rug every year. When George Trehub, vice president for merchandising, goes out on a buying trip, he has the bargaining power of four large stores behind him.

That means he can buy the carpet he wants at a price few other carpet re-tallers can get. Simply be-cause he's buying in larger quantities. Result: Emerson can offer famous national advertised brands at \$3, \$4 or even \$5 a square yard less than comparable carpet. Emerson Folks Are Your Neighbors

Many members of Emerson Many members of Editerson Rug Co. come from nearby towns and are probably well known to our readers. President John Reilly lives in Dedham. Treasurer John Emerson resides in Newton. Vice President for Sales Dan Reilly lives in Dedham, as does Norwood store manage Bill Col-lins. George Trehub, vice president for merchandising, hails from Milton, and Lenny Ross, Norwood salesman, comes from nearby Norfolk. Emerson stores are open evenings 'till 9 p.m. Saturdays 'till 5:0 p.m.

Young Mother Earns Degree Playoffs In Education

A young Newton mother has ound time to acquire a Boston University Master's degree in Education while managing a home for her dentist nusband and their two babies.

She is Annanile Saunders, wife of Dr. John R. Saunders of 1141 Commonwealth avenue. Their children are giris, one two years old and the other five months.

Mrs. Saunders' story could serve to inspire and encourage other young housewives who may believe their domestic du-

ties are thwarting ambition.

To help defray the cost of furthering her education she taught school for a while in Reading, and later acted as head of health and education at Boston YWCA. Her husband, a Boston den-

tist, is listed in "Who's Who in the East." Her parents are Mr. and Mrs. Abram Bean of Laconia, N. H.

New Station Would Replace Three Now In Operation Here

Mayor Donald L. Gibbs has asked the Board of Aldermen to approve a proposed land swamp which would clear the way for the erection of a new fire station at Commonwealth avenue and Washington street in Auburndale.

The suggested new firehouse would replace three existing fire stations, one in West Newton, one in Auburndale and one in Wahan

Two orders dealing with a land exchange worked out by the Mayor will be on the docket for the consideration of the Aldermen at their meeting next Monday

Under the plan advanced by the Mayor, the city would take a gasoline station at Commonwealth avenue and Washington street as the site for the new firehouse. In return, the Mayor pro-

ses to give the owner of the operty at Commonwealth property at Commonwealth avenue and Washington street land containing an abandoned fire station on Boylston street (the Worcester turnpike) at the corner of Rams dell street. As part of the deal the

property - owner, who is losing his present filling station, would be paid \$6000 and would be allowed to open a new gasoline station at Boylston and Ramsdell streets.

Mayor Gibbs expressed the conviction that the ar-rangement is an advantageous one from the city's standpoint and would greatly reduce the land-taking costs which otherwise would be involved for the city.

He said that the property-owner has agreed to the land swap and that all that is now needed is the Aldermanic stamp of approval on the deal. One order pending before the Aldermanic Finance Com-mittee asks the consent of

Kennedy - McCormack Battle May Be Settled by Debates

President Kennedy, in the opinion of most political experts, was trailing behind former Vice President Richard M. Nixon in the early stages of their 1960 Presidential race. Kennedy, it is agreed by most scholars of politics,

overtook Nixon and forged ahead when the two engaged in their series of face-to-face debates. Nixon probably would be President today instead of Kennedy if he could have gracefully avoided the debates. But he would have suffered a loss of prestige if

he had dodged Kennedy's challenge. So he accepted the challenge and lost the election. Allenge and lost the election.

Now Attorney General Edward J. McCormack, Jr., and Edward M. (Ted) Kennedy, the President's youngest brother, opponents for the Democratic nomination for the U. S. Senate, are preparing to engage in at least two similar debates, the first in McCormack's home South Boston area next Monday, the second in Helyoka on Sent 5

the second in Holyoke on Sept. 5. In this case the challenge for the debate was made by McCormack and accepted by Kennedy.

Fifty dollars was taken from Quigley's trousers, and \$15 and personal papers were also missed. Tribute to McCormack

A tribute to the effectiveness This has caused political writers to blink with wonderof the job done by John W. McCormack in his first year as Speaker of the national House of Representatives, was paid by the Wall Street Journal in a recent issue.

The Journal reported that McCormack's friends and foes alike generally agree that he "has performed better than ex-

That is not a matter of damning with faint praise because many seasoned observers expected a top-flight performance from McCormack. That obviously is exactly what they have got. From the report by the Wall Street Journal it is apparent that McCormack's leadership has been outstand-

President Kennedy is quoted as crediting McCormack with doing a "terrific job." White House aides are said to be volunteering praise for him.
Doubting Democrats who jeared McCormack couldn't fill the late Sam Rayburn's shoes

have been silenced.
The Journal itself asserts that "the often rambunctious House of Representatives is clicking along with considerable New Frontier effectiveness under the benign reign of John William McCormack."

In fact, says the Journal, the conservative House has actually proved less trouble-some for Kennedy than the liberal-leaning Senate.'

"If any 'secret' underlies the McCormack successes thus far, it's a compound of personal popularity, flexible and informal operating methods, cultivation of key legislators, judi-cious persuasion of recalcitrants and reliance on able lieutenants," according to the according to the Journal which adds that "by contrast with the Rayburn regime, there's less whip-cracking or arm-twisting to win doubtful votes."

McCormack's service as Speaker has brought no change whatever in his personal habits, declares the Wall Street Journal which puts it this way:

"He still arrives at the Capitol in his chauffeur-driven limousine at 10:30 a.m. and leaves at 7:30 p.m.; still squeezes in a lunch of a grilled cheese sandwich and two scoops of chocolate ice cream; still has dinner every evening with his wife Harriet (he hasn't missed so much as once in 42 years); still avoids cocktail parties and formal dinners like the plague; still tends faith-fully to the bread-and-butter needs of his Irish factory dis-

The knock-down battle between President Kennedy's youngest brother and Speaker McCormack's favorite nephew for the Democratic nomination for the U.S. Senate has not in any way affected the relations between the President and the Speaker, who get along in harmonious fashion, the article reveals.

Coming from a publication which by no means is noted for its lavish praise of political figures, the Wall Street Jour-nal's appraisal of McCormack's success in running the national House is significant indeed.

But it is not surprising to those who know McCormack. his ability and his capacity for leadership.

Driscoll, Kennedy In Lively Battle

Apart from the hectic battles for the Democratic and Republican nominations for U. S. Senator, perhaps the most interesting state-wide primary fight is being waged between State Treasurer John T. Driscoll and former Treasurer John F. Kennedy for the right to run as the Democratic candidate for Treasurer in the fall

A third contender in the field is John M. Kennedy of Dorchester who may siphon off some votes from former Treasurer Kennedy but is considered certain to run third.

Driscoll is the favorite and Kennedy the underdog in the race. Driscoll has been Treasurer for the past two years and has made an excellent re cord. He is regarded as one of the promising young figures in the Democratic party. Ordinarily, he would be sure of renomination for a second term.

But Kennedy by no means is a candidate to be dusted off or taken lightly. He could provide one of the big surprises of the primary, and he hopes to do exactly that.

After serving six years as Treasurer, Kennedy sought the Democratic nomination for Governor in 1960 and suffered a decisive defeat. Now he's back in his own league.

Kennedy never was one to go in for any fanfare during his

In the days when Kennedy dence that many voters con-fused him with the then Sen-ator and now Period votes they're not likely to take the ator and now President John F. Kennedy.

Expansion Of Allstate Sales, Service Office

Expansion of Allstate Insurance Companies' sales-service office in Wellesley was announced today by Bailey M. Barrett, Allstate's New England Regional Manager.

iand Regional Manager.
"Enlargement of the Wellesly facilities at 204 Worcester street is in keeping with All state's expansion in Massachusetts as a multiple line insurance carrier and exemplifles the company's desire to bring its services closer to the customer," Barrett said.

A staff of six fully trained and state licensed agents will

be available to offer Allstate's full circle insurnace protec-tion for the automobile, home

and family.

In addition, membership the newly formed Allstate Mo-tor Club is available through Allstate agents who serve as representatives of Allstate Enterprises, Inc., which owns the Motor Club.

Barrett described the scope of Allstate Insurance opera tions throughout the United States and Canada as "ever expanding. We plan to participate in business and civic projects in this area and to support worthwhile programs e pecially in the field of traffic safety," Barrett added.

It's improbable that many voters will think that President Kennedy is coming back to Massachusetts this year to run was considered one of the for State Treasurer. If they are wonder men in the Democratic so far removed from political primary.

> So John T. Driscoll of Dor chester and John F. Kennedy of Canton will be standing on their own feet and campaigning on their own records in the primary clash which will be settled by the Democratic voters on Sept. 18.

Driscoll has done a good job as Treasurer during the past 20 months and has instituted some changes which have resulted in savings for the taxpavers.

Kennedy also had a creditable record during his six years as Treasurer and managed the department in a busi-nesslike fashion. Whether he can emerge from obscurity and defeat a candidate of the stature and calibre of Driscoll with another Kennedy in the field is somewhat doubtful, however. But in his own way he's giving it quite a try.

Waban Church Setting For Burnham - O'Donnell Bridal

Of interest here is the announcement from Mr. and Mrs. John J. O'Donnell of Waltham and West Yarmouth which makes known the recent marriage of their daughter, Miss Alice Louise O'Donnell, to Richard G. Burnham. He is the son of Mr. Edward C. Burnham of Watertown and the late Mrs. Burnham.

St. Philip Neri Church in Waban was decorated with white gladioli and stock for the pretty summer wedding at which the Rev. John Parsons celebrated the 11 o'clock nuptial Mass and read the Papal Blessing. A reception was Blessing. A reception was held at the Chestnut Hill Country Club.

Escorted by her father, the bride's sheath-skirted gown of white antique taffeta and re-embroidered Alencon lace had a portrait neckline, cap sleeves, and a detachable chapel-length train.

African Tribes **Put Bright Kids** Through College

Dr. Paul Deats, Jr., of 106 Berkeley st., West Newton, re-cently returned from a six-month study tour of West Africa, found that a college education is valued much more highly by Africans as a whole than by Americans.

M. Goldman In Door-to-Door **Drive For Votes**

Maynard Goldman, who is seeking the Republican nomination for the House of Representatives in the Middlesex district reported today that he and his workers have talked personally with more than 4000 voters so far in their

house-to-house campaign. The district in which Goldman is waging his energetic drive takes in Wards 4, 5, 6 and 8 of New-

Goldman, who lives at 20 Nobscot rd., Newton Centre, was educated at Newton High School, the University of Michigan and the Harvard

A large number of young men and women throughout the four Newton wards are working vigorously in his be-half. Goldman estimated that he and his supporters are walking at least six to seven hours a day in their efforts to reach every Republican and Independent voter in the legislative district.

"The voters with whom we have talked are looking for a change,' Goldman declared. "They feel, as I do, that the future of the Republican party in Newton and Massachusetts should be in the hands of vigorous and energetic people who are looking to the future.

"These people no longer are looking only for repre-sentation," Goldman assert-ed. "They want leadership and service.

"By meeting as many voters as we can personally, we plan to show them that I can best meet these needs."

Goldman said that many problems are bothering the people he has met.

The automobile insurance rates are criticized by many, he related.

Most people don't realize, e stated, that Massachusetts has the highest traffic accident rate in the nation. For example, he said,

there are 7.98 personal in-jury accidents per 100 cars in Massachusetts compared to a national average of

To meet this problem of highway safety Goldman urged three specific steps: 1. A uniform non-fix system for traffic violators

2. Compulsory driver education to reach all young automobile operators instead of the present 40 per cent.

3. Driver re-education.

Political Highlights

One certain result of the debate was to add new overtones of bitterness to the Kennedy-McCormack conflict.

Now it will be interesting to see if young George C. Lodge will accept the challenge of Congressman Laurence Curtis to engage in a similar debate based on their qualifications for the Republican nomination for

the U. S. Senate.

Lodge has declared that he is willing to debate Curtis, but up to the time this is written he has made no move to participate in making arrangements for the

Curtis strategists believe that a debate would enable them to show that the five-term Congressman would be a stronger contender in the November elec-tion—especially if Ted Kennedy is the Democratic standard-bearer-than would Lodge. They are probably right in their reasoning.

Because he is vulnerable to exactly the same

charges, George Lodge could not use the dynasty and inexperience issues against Ted Kennedy. Congressman Curtis, who has an impressive record of public service and a wealth of experience could use them effectively

The Curtis campaign planners think this could be brought out pointedly in a face-to-face debate between Curtis and Lodge.

Political Contenders Near Crucial Stage of Campaign

Candidates battling for Democratic and Republican nominations for state-wide offices will move their campagns into high gear next Tuesday as they head into the final two-week stretch of their race to primary

The political chips will be on the table when Tuesday brings an official end to the summer vacation season and an increasing number of people turn their attention to the contests they will settle in the privacy of their polling places less than three weeks from now.

Pressure will climb day by day in the rival political camps. With it will mount bitterness reflected by the crossfire of charges and counter-charges, claims and contradictions.

The sparrng and maneuvring will be over. Political broadsides which have been held back until the strategic time will be exploded. The heaviest artillery at the embattled office-seekers will be command of the

brought into play as they pull out all the stops.

Occupying the center of the political stage will be the struggle between Edward M. (Ted) Kennedy and Attorney General Edward J. McCormark, Jr., for the Democratic nomination for the U.S. Senate—a fight which appears to be arousing as much interest in Missouri, Michigan and Montana as it is in Massachusetts.

For the first time since 1960 the Republicans have a major state-wide donnybrook of their own as first-term Congressman Laurence Curtis and young George C. Lodge battle for the GOP Senate endorse ment, with Curtis bearing down hard on the inexperience and immaturity issue he is using aganst Lodge.

Political experts believe that the Kennedy-McCormack fight at this point is close and that its outcome may hinge on developments in the last two weeks when public attention will reach its height.

One of the most puzzling primary conflicts is tween former U. S. Attorney Elliot L. Richardson of Brook line and Boston Finance Com mission Chairman Edward W Brooke of Roxbury for the Re publican nomination for Attorney General.

Where Brooke established solid vote-getter, Richardson is from a vote-pulling standpoint since this is his first run for elective office.

A sharp contrast is found in the campaign techniques of the two Republican contenders for Attorney General. Richardson, who as U. S. Attorney started the investigation into the highway land taking scandal, lashes out at the corruption and scandals which have been exposed. Brooke takes a much

more moderate approach Both Richardson and Brooke, however, are good campaign-Their primary race could be in the same category with their pulse-stopping struggle at the GOP convention in June.

Christmas Seal Campaign Plans Are Announced

Plans are well under way for the annual Christmas Seal Campaign to raise funds to wipe out tuberculosis and control other respiratory diseases in Newton, Miss Hilda G. Hope, executive director, of the Newton Tuberculosis and Health Association announced

"It may seem early to be planning for an event that will not take place until November 13," said Miss Hope, "but a lot of work goes into the Christmas Seal Campaign. The amount of work it takes vol-unteers just to check the mailing list and prepare the letters

for mailing is amazing." During the summer months preparations for the 1962-1963 campaign have moved along rapidly at the Newton Tuber-culosis and Health Association. Street listings have been compiled, past cards processed, names of new residents in the community added to the files, and mailing labels are being typed prior to pasting them on the contribu-tor's envelopes. In addition to assisting with the campaign preparations, volunteers have worked on the annual report filed x-ray survey records, stamped and counted health education materials for dis-

tribution. Volunteers from three clubs and a Girl Scout Troop have contributed 107 hours since April 1. Mrs. Charles E. Almy, Jr., Mrs. J. Dean Corley and Mrs. Leonard Martin of the Auburndale Woman's Club have totaled 81 hours; Mrs. John A. Learmonth, Community Service Club of West New-ton, 12 hours; Mrs. David Weisberger and Mrs. Arthur F. Wood, Newton Community Club, 8 hours; and Girl Scout Troop 153, Newton, 6 hours.

"The assistance given by our generous friends of the association, from the Newton Federation of Women's Clubs and other organizations, save hundreds of dollars and thoununreas of dollars and thousands of hours of staff time.
These precious commodities are then put where they do the most good."
